

RESEARCH

Key principles

-  Complementarity
-  Context first
-  Co-production and decolonial practice
-  Translate, don't just publish

Data production

-  Use existing data
-  Support local researchers
-  Repackage existing evidence

Influence

-  Determine objective / audience
-  Design for different uses
-  Work with communications
-  Break reports
-  Share and adapt global research

Community

-  Include communities
-  Participatory action research
